

PROFILE

Computer science graduate with a strong foundation in django-based web development, java programming, and object-oriented design. I led the development of agri-connect, a full-stack platform built with **Django (Python)**, **Bootstrap**, and **MYSQL**, following the **MVC** pattern to manage user roles, product listings, and transactions. I also built a dorm management system using **Java** with a **Swing**-based interface and **Oracle** database, designed to support proctors in handling student records and dorm allocations.

To Whom It May Concern

I am pleased to recommend **Kaleb Menbere Shiferaw**, who completed his internship with us at Dilla University ICT Directorate in the Business Application Development and Administration unit. He showcased exceptional skills and dedication while developing software solutions using Django REST Framework and React. Kaleb demonstrated strong integration abilities and a solid understanding of web development and API design, ensuring high standards through comprehensive testing with Postman. His proactive problem-solving approach involved seeking guidance from team leaders and staff, allowing him to quickly overcome challenges and learn from his experiences.

Beyond his technical skills, Kaleb Menbere Shiferaw demonstrated a genuine passion for learning and a strong work ethic, along with a commitment to positively impacting the community. He underwent training from Dilla University and RND, sponsored by GIZ, specifically to prepare for a competition during his internship. Despite balancing these commitments, he remained focused and dedicated to delivering his best work. His ability to manage these responsibilities alongside his internship highlights his dedication, time management, and determination to excel.

I am confident that Kaleb Menbere Shiferaw will be a valuable asset to any organization due to his expertise in Django, React, and API development, as well as his strong work ethic. I wholeheartedly recommend him for future opportunities, as he will undoubtedly excel and contribute meaningfully.

For any questions about his performance during the internship, please feel free to contact me.

Sincerely,

በቀለ ወርቁ አጋጅየለው

To Whom It May Concern

Dear Sir/Madam,

Subject: Recommendation Letter for Mr. Kaleb Menbere

I am pleased to write this letter of recommendation for Mr. Kaleb Menbere, a Computer Science student at Dilla University. I have known Kaleb since joining the department in his second year, and during this time, I have observed strong academic discipline, commitment, and active engagement in studies.

Kaleb is consistently punctual, never misses class, and always sits at the front, fully attentive and eager to participate. Demonstrates a quick understanding of the subject matter and approaches education with seriousness and enthusiasm. A positive attitude, respectful behavior, and dedication to learning make Kaleb a role model for peers. Always learning new things and achieving new knowledge, as clearly reflected in grades and certifications. Constantly wanting to improve and try everything—this quality is seen both as a weakness and a strength, driving continuous growth and determination.

He is capable of many things with passion and the urgency of changing not only himself but also his environment. I recommend Kaleb Menbere as a hardworking and responsible individual with great potential who will contribute meaningfully to any organization or project.

Please feel free to contact me for any further information regarding Mr. Kaleb Menbere.

Kind regards

Abera Geda (MSc)
